

I got a B on this exam! It's so-so~ What about you?

I got an A.

That's amazing!

Is it one of the top scores in our grade?

No...

Don't forget,
above A is A+.

Rare,
Super Rare

Above A+ is R,
above R is SR.

Due to the influence of current popular trends,

SR isn't worth the most points anymore. There's the newly added UR rank above it.

Ultra Rare

Besides, even the people who get UR is becoming too much these days,

so this rank was categorised by writing UR in different colours.

UR written in green is relatively inferior, UR in blue is slightly superior,

UR in purple is even better, and UR in orange means full marks.

Look

... yeah, let's
keep on work-
ing hard.

swish!
